Dear Governor Patrick:

The following comments are provided pursuant to the Constitutional requirements referenced above. Senator Larry Taylor, Texas Senate

Enclosure

SB 1043, as Filed by Senator Larry Taylor
Texas Commission on Environmental Quality's Comments

The Legislative Budget Board, in cooperation with the Texas Water Development Board (TWDB) and the Texas Commission on Environmental Quality (TCEQ), has determined that:

This bill amends the Special District Local Laws Code by adding Chapter 7964 which creates Brazoria County Municipal Utility District No. 70 (District) with the powers and duties of a standard municipal utility district under Water Code Chapters 49 and 54, with the following exceptions.

Comments on Powers/Duties Different from Similar Types of Districts: The bill also: requires the TCEQ to appoint the five initial temporary directors upon receipt of a petition from the owners of a majority of the assessed value of the real property in the district; this bill grants the District the powers and duties of a levee improvement district under Water Code Chapter 57; this bill grants the District authority for road projects; the bill allows the District to divide and specifies requirements for division. The District may be divided only if the District has no outstanding bonded debt and is not imposing ad valorem taxes. The bill further specifies that on or before the 30th day after the date of adoption of an order dividing the District, the District shall file the order with the TCEQ; the bill specifies that at the time of issuance, the total principal amount of bonds or other obligations issued or incurred to finance road projects and payable from ad valorem taxes may not exceed one-fourth of the assessed value of real property in the District; if the bill does not receive a two-thirds vote of all members elected to each house, the District may not exercise the power of eminent domain; and, House Bill 1963 by Rep. Thompson is the companion to this proposed bill.

Overlapping Services: TCEQ does not have mapping information for water and/or wastewater providers because this function was transferred from the TCEQ to the Public Utility Commission on September 1, 2014. As a result, TCEQ is unaware of possible overlapping service providers.

TCEQ's Supervision: As with general law districts, the TCEQ will have general supervisory authority, including bond review authority and review of financial reports.
